

Programme of the Province of Turin for local best practice plants

Category:	Flanking Measures - Local Best Practice Plants
Tool-ID:	4.5.2
Type:	Best Practice Example
Date:	December 2008
Developer:	Province of Turin, Ambiente Italia
Language(s):	English
Size:	3 pp
Description:	The Province of Turin implemented a programme for large scale solar thermal plants between 2003 and 2006. The campaign addressed both, investors and technicians, thus enhancing local know how establishment. Although the budget was limited, three demo plants were realised within the programme. The tool describes the setup of the programme and the lessons learned.
